Local Delegation On Road 441 Has Partial Success

Federal Highway Proposed To Go East From B. G. To Road 7

The local delegation, appearing before the State Road Board meeting in Panama City last week regarding designation of Federal highway 441, met with partial success.

Belle Glade committee—R. E. Hotard, Harold Rabin and A. Kirschman—and the vicinity representatives proposed to strengthen the original local proposal. They asked that the federal highway be routed from Orlando south through Pahokee, Belle Glade and South Bay to Miami. They opposed a second proposal that the highway run from Canal Point west into West Palm Beach.

A resolution to the numbering committee of the Federal Bureau of Roads was written into the meeting minutes. The proposal requested the routing of 441 south to Belle Glade, east to No. 7 and south on 7 to Miami.

The board gave as reason for bypassing South Bay that the outlined route would more than make up for the loss of the road. The road from South Bay to Miami is already a federal highway.

TB X-ray Unit To Be Here June 30

County mass x-ray survey program, jointly sponsored by the county Health Department and the county Tuberculosis and Health Association, will extend into the Glades June 27 for an approximate 3 weeks schedule.

The mobile unit for detecting tuberculosis will be at the city hall here June 30 and July 1 open from 12 to 3 p.m. and 4 to 7 p.m. at Okeechobee Camp.

X-rays will be taken in colored town at the truck loading zone July 5 and 6 at the same time.

Department officials urge every member of the community over 15 years of age to take an x-ray.

X-rays detect tuberculosis before symptoms appear. Found in the early stages, the disease can be cured easily.

If an x-ray is unsatisfactory, the person will be notified within two weeks; otherwise no notice will be given.

Emphasizing the need of an x-ray each year, department officials point out that trouble may develop in healthy chests within six months.

The Glades program schedule includes: Lake Harbor June 27, South Bay June 28, Okeechobee Camp June 29, Okeechobee Camp July 13 and 14, Canal Point July 20 and Sand Key July 21.

Records show that the following x-rays were taken last year: 3,260 in Belle Glade; 300 in Lake Harbor; 270 in South Bay; 299 in Okeechobee Camp; 703 in Okeechobee Camp and 209 in the prison camp.

The following schedule of instruction is outlined for the Belle Glade program: tennis, Monday, Wednesday, Friday and Saturday at 9:15 a.m.; square dancing, Tuesday and Thursday at 9:15 a.m.; girls' (Continued on Page 4)

Registration will continue through Tuesday to accommodate those who were attending the church schools, according to Coach Doug Leavitt, supervisor of the boys program here.

Mrs. Leavitt is supervisor of the local girls program, Mrs. W. McDonald of pre-school age children and assistant coach Jim Maynor of the programs in South Bay and Lake Harbor.

The following schedule of instruction is outlined for the Belle Glade program: tennis, Monday, Wednesday, Friday and Saturday at 9:15 a.m.; square dancing, Tuesday and Thursday at 9:15 a.m.; girls' (Continued on Page 4)

Summer program at the club will go into full swing Saturday night with dinner served from 6:30 on and a dance from 9:30 to 1:30 to the music of Johnny Saunders' orchestra.

A good representation of members and their guests from surrounding communities gathered for the program two weeks ago.

Ladies are urged to turn in their golf scores to Mrs. Bennie Weeks, golf chairman, by next Friday for the tournament beginning a week from Monday.

Sunday night pot luck supper is scheduled as usual.

Ladies are urged to turn in their golf scores to Mrs. Bennie Weeks, golf chairman, by next Friday for the tournament beginning a week from Monday.

Flood Control Is Administered At Clewiston Office

Army Engineers Make Preparations For Closer Supervision

Red tape and Service protocol bring about some funny things occasionally, and the Army is well known for reversing your profession such as making cooks out of office men and typists out of former Georgia Buggy chaffeurs and chemists out of roentgenologist or plant geneticists.

Mr. W. A. Reed, head harbor man for 20 years stationed at Tampa in charge of turning basins, beach erosion, harbor problems as well as the coastal waterways has been put in charge of water movement and impounding in a flat country with soil problems and water movement thru it, unmatched in the world—he has been put in charge of the Clewiston office which will deal with the \$208,000,000 Flood Control problem from the U. S. Engineering standpoint.

Mr. Reed is an engineer of outstanding ability and he can certainly design and build both canals for water movement and dikes to contain flood waters, but his specialty has been in other fields.

Army procedure demands that military personnel, when we presume he has, and length of service, be recognized and given the job in his area these things.

The U. S. Engineers haven't done us so bad on the Flood Control job and I guess we can put up with regulations and protocol occasionally especially when we remember that Mr. Broadfoot who has had almost two decades of work in the muds lands is still there.

We're glad to have you over here Mr. Reed and glad that the Brass has made a move to immediately handle the gigantic construction job immediately ahead, by concentrating in the Clewiston office.

It is now being developed in wet muck, Mr. Reed, don't spin your wheels just take it slow and easy and you'll keep going the oldtimers do it that way!

More than 100 people—men, women and children—of this community enjoyed the art exhibit of Belle Glade children represented in the above picture during the week at the Country Club of the Everglades.

A recent meeting of the President of Belle Glade's civic organizations discussed the "Country Club of the Everglades" as a sort of Community social and recreational center.

It was discovered that the Club is now being used for that purpose with the two gatherings in the picture as immediate evidence. A recount of activities brought out the fact that the Woman's Club, the BWP, the Beta Sigma Phi Sorority,

the Lions, Rotary and Chamber of Commerce have all used the Clubhouse recently for a part of the program.

The ladies of the Country Club on each Friday have "ladies day" with various activities following a covered dish luncheon.

Recently dinner is being served each Saturday night by Mrs. Dick Johnson, from seven o'clock until ten-thirty.

On alternate Saturday nights a dance is held following the dinner.

It seems that the Country Club of the Everglades IS a community social and recreational center.

Two year monarch awards was scheduled for conclusion of the program. Due to mechanical difficulties, the picture was postponed until a later date. Another film, "Power of Progress," showing assembling process of Ford tractors, was substituted.

Prices for slaughter and stocker cattle were steady at the Glades Livestock Market last Friday ranging from \$23. for medium grades, down to \$19 for inferior grades. Canner and cutter cows were one to 2 dollars higher.

Top sale of the 453 cattle was made by John L. Evans, Bean City, for a steer going for \$30.25.

Slaughter steers and heifers averaged \$22.25 to \$23.25 for medium, \$20. to \$21.25 for common and \$18 to \$19.25 for cutters.

Slaughter bulls sold at \$18 to \$21.25, calves from \$25.50 to \$22.75, and cows from \$21.25 to \$15.25.

Mr. Stoner of Belle Glade shipped 542 yearlings to San Antonio, Texas, last week although these cattle did not go through the market auction.

They were bought by six different buyers representing an agent here.

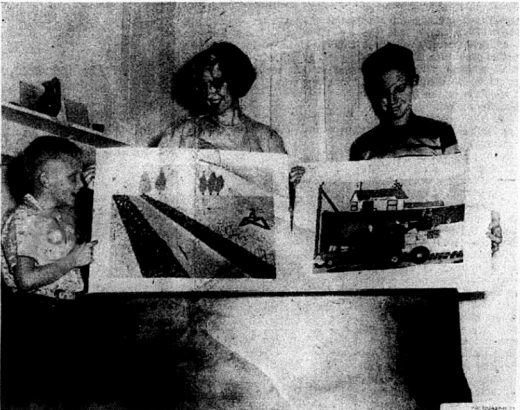

The market has set up a special plan for selling hogs and miscellaneous livestock at the sale today, and hog buyers are urged to come early for the 12:30 p.m. sale.

Oswald Amble is into trouble.

Oswald the turtle is very apt to come out of his shell when his captor enjoys his steaks and soup.

The twenty pound Oswald is evidence here are still some sizeable soft shell turtles around the lake.

Oswald made his fatal mistake by ambling up to shake hands with John T. Pickett, who was surveying on the dyke near the country club.

Shown with Mrs. Margaret Earwood, (center), local art instructor, are two prize winners of the annual art exhibit which was held June 6 at the Country Club of the Everglades. Standing left is Douglas Thompson with his picture portraying the black bird menace to local corn fields. His painting received the Belle Glade Herald prize for the most representative picture of the area. Curtis Thompson standing right is shown with his picture "Snowing Cars" which received the award in the third year students group.

The Country Club Of The Everglades Acts As Community Recreational And Social Center For Old And Young

Approximately 80 local Lions and their wives attended a buffet supper and dance at the annual installation and ladies' night Friday evening at the Country Club of the Everglades.

Emmett Roberts, governor elect of district 35, briefly reviewed the history of Lions in Florida and urged local cooperation during the coming year. "Lionism will continue to grow and expand," Roberts stated.

He installed the following new officers: Henry O. Earwood, president; Bob Davidson, first vice president; R. E. Hotard, second vice president; A. M. Larrimore, third vice president; F. E. Schoenfeld, secretary; James Wejnenga, treasurer; Bob Muller, Lion tamer; Walter Thames, lat twister and Jack O. Johnson, director.

Two year monarch awards was scheduled for conclusion of the program. Due to mechanical difficulties, the picture was postponed until a later date. Another film, "Power of Progress," showing assembling process of Ford tractors, was substituted.

THIS IS A

Peace-of-Mind MACHINE

A modern X-ray unit such as this one can bring you priceless peace of mind. It can bring you the comfort and security of knowing that you are not a victim of tuberculosis. Or—if you are one of those who do have TB without knowing it—a chest X-ray will detect it promptly. Either way, you'll have the precious peace of mind that comes from knowing the truth. Why not act now? Remember—when TB is detected in its early stages, the cure is comparatively easy. The longer it goes undetected, the greater the damage—and the longer and costlier the cure. Know the truth. Protect yourself and your family. Invest a few minutes in this kind of peace of mind by getting a chest X-ray today.

FOUR HUNDRED ATTEND GUERNSEY FIELD DAY AT BOUTWELL DAIRY FARM

Four hundred Florida dairymen gathered recently at Boutwell's Dairy Farm near here for the annual summer meeting and field day of the Florida Guernsey Cattle Club. Features of the day included judging, pasture tours, a luncheon in the barn, and showing of 44 of the state's finest, high producing registered Guernsey cows. Guernsey calves, bred heifers, 3-year-olds, and aged cows were judged by 4-H club boys for prizes. First prize was placed with a cow owned by correctly went to Roy Roberts, a youngster from Orange County. Second prize was awarded to Raymond Salas, and third went to Jack Dodd, both also from Orange County.

During the afternoon session, the principal speaker was W. W. Fitzpatrick of Quail Root Farm, Rougemont, North Carolina. Mr. Fitzpatrick discussed all phases of dairy management and the merits of Guernsey cows in the dairy program. Other highlights of the day included tours of Pangola, Bahia, St. Augustine, and clover pastures, and individual exhibition of the dairy's best registered cows.

CENSUS POPULATION
(Continued from Page 1)
In receive the long awaited information and return to the release localities for the release of information. All of those Towns or Counties unable to have a representative at this conference are respectfully requested to notify the West Palm Beach Census office to this effect in order that the release of their respective localities be forwarded to the Mayor or some other official, by mail at the close of this conference, on the same day.

Attendance is not required on the part of any officials and neither is an acknowledgment necessary, however, the sole purpose of this gathering is to handle the Census information gathered for the past several months in a fair and impartial manner given due consideration to the timing in making release for all sections.

marshal the forces of those interested in this problem, directed toward having the laws in the States of Virginia, Kentucky and Tennessee amended during the next legislative sessions. It will be proposed that this legislation follow the uniform code which has been adopted by the National Association of Highway Engineers, and which code has already been established as the law of Florida.

BPW Holds Initiation For Eleven New Members

Initiation ceremonies highlighted the meeting of the Business and Professional Women's Club Tuesday night in the Women's Club building.

The following new members were installed: Lois Davis, Mary Martin, Frances Rhudy, Emily Young and Paulette Blank.

Imogene Fontaine, president, and Louise Rhodes, first vice president, officiated at the ceremonies.

Following the program, refreshments were served by hostesses Mary Henry and Mary Fay.

171 CHILDREN SIGN

(Continued from Page 1)
softball, Monday, Tuesday and Saturday at 2:30 p.m.; boys' baseball, Monday, Tuesday, Wednesday, Thursday and Saturday at 3:30 p.m.; girls' basketball, Saturday and Monday at 2:30 p.m.; and girls' croquet, Tuesday and Thursday at 2:30 p.m.

Free time will be devoted to ping pong, shuffleboard, archery and checkers, according to the coach.

Mayor will take the Lake Bay group to the Pahokee pool Wednesday and Friday afternoon in Lake Harbor group on Thursday and Saturday.

Square dancing, instructed by Mrs. Leavitt, is scheduled in South Bay on Wednesday and in Lake Harbor on Thursday.

Mayor conducts the Lake Harbor program on Tuesday, Thursday and Saturday and the South Bay program on Monday, Wednesday and Friday.

SWEET LUPINE SEED MEAL IS GOOD FEED

Sweet lupine seed meal as a feed for beef cattle compared favorably with cottonseed meal as a protein supplement, according to Dr. R. S. Glascock, J. C. Cunka and A. M. Pearson of the animal husbandry department of the Florida Agricultural Experiment Station.

Carcasses of animals fed both supplements graded U. S. Good, and analyses show no significant differences in results produced weight gains, dressing percentages, or feed consumed per unit of gain.

After 130 days on feed, the average daily gain for steers on sweet lupine seed meal was 2.52 pounds, while steers on cottonseed meal made daily gains of 2.52 pounds.

Feed consumed per 100 pounds gain, based on slaughter weight, averaged 935 pounds for the cottonseed meal fed group as compared to 927 pounds for steers receiving lupine seed meal.

Experiment Station Circular S-8, obtainable from county agents, give details of the sweet lupine seed meal feeding tests.

Churches of Christ, Scientist
"CHRISTIAN SCIENCE" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world on Sunday, June 25.

The Golden Text is: "How beautiful upon the mountains are the feet of him that bringeth good tidings, that publisheth peace, that bringeth good news of good, that publisheth salvation" (Isa. 52:7).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "All scripture is given by inspiration of God, and is profitable unto us in all things, for correction, for instruction in righteousness: That the man of God may be perfect, thoroughly furnished unto all good works."

"Sift to me, therefore, approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth" (II Tim. 3:16, 17; II Tim. 2:15).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The following teachings of scientific revelation, the Bible was my only textbook. The Scriptures were illuminated; reason and revelation were reconciled; and after a long search of Christian Science was demonstrated" (110-13-17).

Band Program Enrollment Higher Than Last Year

The summer band program, under the direction of Mr. Howard Payne, began Monday, June 19, with a total enrollment of 32 students; 22 from Belle Glade and 10, South Bay. This is a larger total than last year's enrollment.

Classes, are being held in South Bay Monday morning, 8:30 to 12:30 and Friday afternoon, 1:00 to 3:30. Hours are 8:30 to 12:30 and 1:00 to 3:30 for Belle Glade, Monday afternoon thru Friday morning.

Mr. Payne states he is well pleased with response so far but has room for several more students and urges any student interested to contact him and discuss the program.

ROBERTS FACES BUSY INSTALLATION SCHEDULE

Emmett Roberts, governor elect of Lions Club District 35, faces a busy schedule of installations.

He has been asked as installing officer, June 23 in Clewiston, June 24 in Lantana, June 26 in Lake Worth, June 27 in Delray Beach, June 29 in Dania, June 30 in Miami, July 1 in West Palm Beach and July 8 in Riviera Beach.

Unauthorized Fires Reported: Bait Is After Offenders

In connection with report of an unauthorized bonfire early this week, Asst. Chief Bob Bair of the fire department again warns the public that a fire permit must be obtained from the City before any fires are to be started.

Some people either did not learn of previous notices or paid them no heed, for Bair says the unlawful burning has started again. The public is once more reminded that all who build fires without a permit are likely to wind up their little show by contributing to the city cash register.

Bids On FCD L-40 To Be Advertised Early September

Work is anticipated to begin on the northern 2.66 miles of L-40 of the Central and Southern Florida Flood Control project early in September.

Advanced notice was given bidders May 17; however, issuance of invitations has been delayed pending necessary land acquisition.

GLADES NEGRO NEWS

Written by Negroes Of The Community

First Baptist Church

Miss Lucille Jones, Reporter
Rev. J. H. Adams, Pastor

The services were good all day at the church. The Pastor preached a soul-stirring sermon, Sunday morning.

The Florida and Georgia Rally will end Sunday night. The public is invited out to see which state will win.

The Choir of Shiloh Baptist Church, Pahokee, will present a program tonight at 8 o'clock, at the First Baptist Church here in Belle Glade.

There will be a winner roast given at the home of Mrs. Teresa Fields, tomorrow night, (Saturday).

Miss Iola and Masters Willie Frank, James Thomas Houstons are home for the summer. They are the children of Mr. and Mrs. J. T. Houston.

Mrs. Pearl Wilson is up after a long spell of illness. She is a member of Choir No. 1 and an active member of the church.

New Bethel Baptist Church

Mrs. G. M. Douglas, Reporter
Rev. W. Porter, Pastor

Sunday School was open at 9:30 a.m. with Supt. Dea. S. Kendall, and the teachers at their duty. The teachers took charge of the classes for twenty minutes. The lesson was carefully reviewed by the Supt. offering was \$4.52. Isiah Brown, Class No. 3, 11:00 a.m. Devotion conducted by Mrs. Julia Holland, Scripture Lesson, Rev. 7:1-5. A short talk by Dea. Isiah Brown on the scripture. Visitors present were two, Mr. Willie Frank Oliver, and Mrs. Sarah Denard. 8:00 p.m. Devotion conducted by Miss Charlie Mae Troup and Miss Leila Mae Fletcher. Then Rev. H. C. White came forward and made a wonderful lecture.

On Monday night the W.H.M. was open at the usual hour with the district president Mrs. Rosa House. The scripture was read by her. Then the mission lesson was read from the guide by Mrs. Julia Holland and our Bible teacher. Subject, Make Time for Bible Study. Each one discussed the lesson very wonderfully. Visitors are always welcome in our W.H.M. We are just out of a successful revival meeting, which was conducted by Rev. J. I. Nicholson of Immokalee, Fla. Total members received was 18, ten for baptism which will be baptized Sunday morning June 25 at 11:00 a.m. Friend and visitors are always welcome to worship with us.

FLORIDA TO SEND 8 NEGRO MEMBERS TO REGIONAL 4-H CAMP

Eight Florida negro 4-H youngsters—four boys and four girls—with outstanding accomplishments and leadership records have been selected to attend the Regional Negro 4-H Conference at Virginia State College in Petersburg, Virginia, August 8 to 15, according to an announcement by the Agricultural Extension Service of the University of Florida.

Oleatha Carter, Columbia County, Erma Jean Haywood, Colusa, Kayola Gray, Jackson, Minnie Lee DeVane, Leon, are the girls, and Lamar Swails, Jr., Jackson County, Hansel Washington, Marion, Alvis Allen, Columbia, and Lester Graham, Alachua, are the boys who have been elected to receive this honor, one of the highest that can be awarded to negro 4-H members.

Joseph A. Gresham and Floy Britt, negro district agents, will accompany the 4-H club youth to the conference, which is sponsored by the United States Department of Agriculture Extension Service.

"Each of the youngsters has been a 4-H club member for a year and three years and has held at least one office in his club. Negro county and home demonstration agents recommended the members for this honor because of their project achievement records and their display of leadership ability."

STATE LAW FORBIDS

(Continued from Page 1) trolled fattening and better breeding."

"As a safety measure, no one can even begin to estimate the number of lives it will prevent," the Governor added,

"No longer can tourists say that Florida places a higher value on a cow than on a human life."

Warren referred to a compilation prepared from Florida Highway Patrol accident statistics which showed that: In 1944 there were 65 accidents involving livestock, with 6 fatalities; 1945, 65 accidents, 5 fatalities; 1946, 174 accidents, 4 fatalities; 1947, 297 accidents, 9 fatalities; 1948, 384 accidents, 2 fatalities; and 1949, 402 accidents, 2 fatalities.

The Governor, who began an unwavering campaign to get livestock off the highways in 1939, urged all citizens, particularly livestock owners, to cooperate with officials charged with enforcing the law. These include sheriffs, sheriff deputies, and state highway patrolmen.

"I believe the vast majority of livestock owners already have made provision for keeping their animals from the highways," Warren said. He pointed out that 18 of Florida's 67 counties had special fencing laws, and 7 counties were partially fenced before enactment of the state-wide law.

In his 1948 campaign for Governor, in which he pledged to make an all-out effort to eliminate the highway menace, Warren often observed that "highways do not start and stop at county lines."

Even with 35 Florida counties fenced or partially fenced, it was impossible for a motorist to drive to Key West from Jacksonville, or from Pensacola to Jacksonville, without passing through at least one "death trap" county.

"What made it worse," Warren commented, "was the fact that there were no roadside signs to inform motorists that they were entering counties in which livestock was permitted to run at large."

Although there will be no need for such signs beginning July 1, Governor Warren urged motorists to continue driving carefully because "it is a certainty that an occasional cow, horse or pig will wander onto the highway, no matter what precautions their owners take to prevent it."

The new law provides that livestock to stray upon public roads shall be liable for any damage resulting from accidents in which the animals are involved.

Even if a stray animal causes no accident, its owner may be found guilty of a misdemeanor and sentenced to six months in jail, or fined \$500, or both.

Here are other points in the law:

1. The owner will be liable both for property damage and personal injury to the driver or passengers of a motor vehicle in an accident in which the owner's livestock is involved.
2. The sheriff and deputies of each county are responsible for the impounding of roaming livestock. They also are charged, along with highway patrol officers, with enforcing the law.
3. Impounded livestock may be sold to the highest bidder within three days after the animals are picked up, provided the owner has been legally notified and does not call for the stock and pay all incurred expenses.
4. Impounding fees include \$2.50 for each animal, mileage, serving notice, care and feeding, advertising and disposition of animal. The service notice will be \$1.50; feed and care 50 cents a day; whatever is necessary for advertising; \$1 for sale and disposition and 50 cents for report of sale.
5. If there is no bidder for an impounded animal, the stock can be killed and the carcass disposed of. If any money is received it shall go toward expenses, and if there is no ready sale for the meat it can be given to a county, state or city-owned institution, or to a recognized charitable institution within the county or area.
6. In cases where livestock is sold, any balance after deduction of expenses shall be turned over to the owner on proof of ownership. Proof must be made to the county commission within 90 days after the sheriff reports the sale.
7. Unless ownership is established, the court clerk has authority to let any incurred balance be paid to the county (time and forfeiture fund).
8. Permanent records of all sales, disbursements and discharges must be kept by circuit court clerks.
9. County commissioners must provide impounding places, the sheriff will designate a "poundmaster," and the sheriff himself must provide feed and make certain that the animals are fed and given water at least twice daily.
10. While the owner has a liability to the people for letting animals roam at large, he also has his rights. If he feels his impounding fees are unfair, he

may post bond (not to exceed a "fair value" on the animal) and then file suit in equity.

GLADES ENGINEERS

(Continued from Page 1) cessary in the original plan of the U. S. engineers, Johnson pointed out. If water was stored in the second conservation area to the depth originally planned, the surrounding Davie area would be limited in agricultural use. Consequently the design was altered by cutting off a corner of the original area.

In number three conservation area in the Miami section, underlying impervious formation, comparable to wash gravel, offers serious problems.

District engineers requested that this area be divided into

two sections with different water levels.

Pressing problem is to design the project to meet conditions of the ground. Seepage studies are now being conducted there at the suggestion of district engineers, Johnson stated.

Following the talk a film, "The Last Ten Feet" revealing oil industry's progress under private ownership, was shown. The following Glades engineers attended the meeting: R. Y. Patterson of Clewiston, state director of the organization; John T. Flett of Pahokee, vice president; M. M. Prewitt of Clewiston, guest and W. A. Read of Clewiston, guest.

Going on vacation?

DID YOU notify the police that your house is to be vacant?

DID YOU stop the newspaper and milk delivery?

DID YOU arrange to have your mail forwarded?

DID YOU check up on your insurance coverages?

SOUTH BAY BEAN CITY LAKE HARBOR

Don Barstow and his mother, Mrs. G. J. Barstow, left Sunday morning for a three weeks vacation with relatives. They will visit Mr. and Mrs. T. C. Barstow and family, Saint Louis; Mr. and Mrs. H. M. West, Preston, Iowa, and Ruth Barstow in Denver, Colorado, before returning home.

Willis Warren spent last week end visiting in Fort Myers.

Mr. and Mrs. Mark Challancin and children were luncheon guests Monday at the home of

Mr. and Mrs. James Summerlin, before leaving to spend the summer in Hamilton, New York.

Mr. C. O. Woodham accompanied Mr. and Mrs. Jerome Woodham to Ozark, Alabama, for a three week's visit. They left Saturday night.

Dorine Mathewson left from West Palm Beach Monday night to visit her grandparents, Mr. and Mrs. William E. Larsen, Albion, Idaho, and friends in her former home, Wendell, Idaho.

Mrs. Glen Hess, Mrs. S. L. Eckman and Mr. and Mrs. E. S. Sisley left last Thursday for Fayette City, Pennsylvania. Mr. Hess will leave next Monday

by plane for a two weeks vacation in Pennsylvania and return with Mrs. Eckman and Mrs. Hess. Mr. and Mrs. Sisley have visited relatives in Florida the past three months.

Mrs. Ruth Murphy and Mrs. Leona Martin left June 11, for Lakeland to attend the summer session at Florida Southern University.

Mr. R. S. Donaldson was a guest Sunday at the home of Mr. and Mrs. J. W. Mathewson.

Mrs. V. N. Greer and Gloria were guests Friday and Saturday of last week at the home of her sister, Mrs. Vivian Smith.

Mr. and Mrs. Floyd Wilder and children vacationed last week at Fort Myers Beach, returning Saturday.

Mr. and Mrs. Raymond Garner, Patsy, Virginia and Daisy Joe returned Monday from Douglas, Georgia, where Mrs. Garner and the children were visiting relatives.

Mr. and Mrs. N. C. Biglin of Miami were dinner guests last Thursday at the home of Mr. and Mrs. W. C. Allen.

Luncheon Guests Saturday at the home of Mr. and Mrs. W. C. Allen were Dr. and Mrs. Enzor Coral Gables. Dr. Enzor is a staff member of Pratt Hospital.

Mr. and Mrs. Harold Clark, Baltimore, Maryland, who were touring Florida on their honeymoon, visited their cousins, Mr. and Mrs. M. K. Wright at Marib Ranch last week.

Mr. A. L. Cumpton attended the Third Annual Convention of Loyal Order of the Moose at Tampa Friday through Sunday. Mr. Cumpton is governor of the Belle Glade Lodge.

Mr. and Mrs. James Richard Thomas, Atlanta, Georgia, visited his brother and sister-in-law, Mr. and Mrs. Walter H. Thomas, Jr., this week.

Miss Nada Cumpton is spending a week at the Presbyterian Youth Conference at Mt. Plymouth, Florida.

Mr. O. H. Martin drove to Lakeland last Saturday to visit his wife who is attending summer school there at Florida Southern.

Junior Cumpton is spending the week in Moore Haven as guest of Billie Miller.

Sunday dinner guests at the home of Mr. and Mrs. B. A. Barnes were Mr. and Mrs. Marvin Mill and family of Moore Haven, Mr. and Mrs. Jessie Barnes and Mr. Donald Barnes. In the afternoon the group went to Pahokee to visit their daughter and sister, Mrs. Keene who was ill.

Mrs. H. N. Kearney and her daughter Jean, Haines City, visited her sister, Mrs. R. L. Arnold Monday night.

Marie and Margaret Archer and Thaine Browne left last Sunday for Fletcher, North Carolina to attend summer session at Seventh Day Adventist School.

Mr. and Mrs. C. E. Cooper, Miami, were guests last week end of Mr. and Mrs. Clarence Cooper.

Mr. and Mrs. John E. Henderson, Jr., Miami, Mr. and Mrs. Sam Henderson and sons, Rickie and John Lee, were Sunday guests of Mr. and Mrs. John E. Henderson, Sr., in LaBelle.

Guests last week end at the home of Mr. and Mrs. J. M. Templeton were her son and wife, Mr. and Mrs. Julian gift, of Olivestia, Florida.

Mr. and Mrs. James R. Rice and two daughters, West Palm Beach; Miss Marion Nehr, Ft. Benning, Georgia, and Miss Joan Dasher, Bean City, were Thursday night guests of Mr. and Mrs. S. E. Henderson.

Mr. and Mrs. Rex Reid, Avon Park, spent last week at the home of Mr. and Mrs. C. E. Critchfield and cared for the children while Mr. and Mrs. Critchfield attended a State Road meeting in Panama City.

Miss Gwendolyn Bradley, who has been visiting her sisters, Mrs. Sam Henderson and Mrs. Horace Walker, will leave this week end, accompanied by Mr. and Mrs. Walker who will visit two weeks at her home in Greenville, Florida.

Mrs. G. W. Rogers and her daughter, Patsy, of Okelanta, are visiting friends in Northern Florida and Mobile, Alabama.

Mr. and Mrs. Roy L. Arnold visited his aunt and uncle, Mr.

and Mrs. C. A. Smith and their house guests, Mr. and Mrs. Richard Fletcher, Chicago, who are cousins of Mr. Arnold's, at the Smith home in Lake Worth, Tuesday night.

Mrs. Mallie Fay Walker, and daughter, Donna Fay, and Jane Allen spent the past week in Deland where they attended the Baptist Assembly. Before returning they visited her parents, Mr. and Mrs. C. E. Byrd in Polakpa.

Mr. and Mrs. Mead Willits and children, Barbara, Johnny, and Joan, spent the past week with her sister, Mrs. R. E. Green in Clearwater. Enroute home they visited Mr. and Mrs. A. B. Crow at Summerville.

Shower For Mrs. Thames A stark shower was given by Mrs. Mead Willits at her home Tuesday night, complimenting Mrs. Walter H. Thames. The evening was spent in games and social chatter.

Lovely gifts were presented to Mrs. Thames wheeled in a doll carriage by little Joan Willits.

The Cokes and cookies were served to: Mrs. Calvin Peacock, Mrs. Marvin Davis, Mrs. L. L. Simmons, Mrs. Jessie Barnes, Mrs. A. B. Barnes, Mrs. Fred Cato, Mrs. Thames and Mrs. Willits.

New Ford Tractors Have Proof-Meter Instruments

Ford Tractors now being received by Belle Glade Motors Ford Tractor and Dearborn Farm Equipment dealer in this area, are equipped with the Proof - Meter, an instrument which takes much of the guesswork out of tractor operation. Actually five instruments in one, the Proof-Meter enables the operator to determine at a glance, the engine speed, tractor speed, power take-off speed, belt pulley speed, or hours of tractor operation.

The outer band of the Proof-Meter dial is the engine speed indicator. It enables the operator to operate at the correct speed for the job being done. It eliminates guessing at the engine speed according to its sound. The tractor speed indicator

is important to efficient operation because it allows the operator to select the right speed and gear for mowing, spraying, planting, and the many other farm tasks in which correct tractor speed is essential.

Correct power take-off speed for P.T.O. operated farm equipment is made possible by the P.T.O. speed indicator incorporated in the Proof-Meter. Belt-pulley speed which must be regulated correctly for sawing, grinding, pumping and similar belt work is quickly determined by another band on the Proof-Meter.

Crossings should be Seen and not Felt

WHEN the sign says "Stop, Look and Listen," the prudent driver does.

But after that what? Must you still move forward at a cautious crawl or pay toll in jar, jitter and jounce?

Not, good sir, when you're at a Buick's wheel.

You step on the throttle, move easily, swiftly forward. Your wheels dance — your tires drum-roll over rattle and plank.

But four gentle coil springs, one on

each wheel, are working their magic — and you *hear* rather than *feel* the rough spot you have crossed.

That, of course, is only one kind of rough going you can meet in your travels. It's only one kind of discomfort your Buick's built to master.

For beside gentle coil springing, every Buick rides on soft, low-pressure tires. Every one is steadied by a rigid torque-tube. Every one boasts a rigid, waterproof frame — soft, sure shock absorbers — even special engine mountings to minimize vibration.

They can have the special added smoothness of Dynaflo Drive,* cushioning power-thrust in spinning oil.

So rough spots seem to level out at your coming. Boulevards take on a new smoothness. You know what riding comfort is — why the Buick ride is called matchless.

So how about it?

Come climb into a Buick and see for yourself what we mean. You'll get a style-thrill and a power-thrill along with your ride-thrill — and a story on price that eliminates your last excuse for not traveling in the Buick manner! *Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

**FOUR-WAY
FOREFRONT**

This rugged front end (1) sets the style note, (2) moves on rapid cuts — vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and jockeying easier.
